TEASE!

THIS · MONTH · IN · CLUB

The Ed has grown so bollock knackered over-exciting himself by describing the contents of Club every month, he has decided to employ an advertising agency to do it for him. This month's *Tease*! has been written by Rathbone Redbraces of top agency Gedditt, Sellitt, and Soddit, whose accounts include *The Sun*, Jiz Automatic and Birds Eye Battered Codpieces. Here is his first draft.

"Phew! What a scorcher Club is this month. Whether you're getting to grips with Lisa the masseuse or saying 'allo 'allo to Gabrielle and her French frilly undies, you'll be so turned on you'll have to unplug yourself at the mains to prevent yourself exploding. Not only that, but there's Clare, our temp-ting member of the fairer secs, and groping groupie Dee's third appearance.

"Melody struck a chord 18 months ago when she appeared in a hot two girl set with Andrea, so she's back for a sizzling repeat performance. You can meet Sharon, a very hilly billy from Kansas, and then there's Marie and Joey and Trisha - need I go on? If you insist...

"Girls come clean about doing dirty things in the locker room in *Talking Blue*, *The Bastard's Guide* looks at Things which are completely pointless and Club's big double act, Dominant Dowse, tells us

Hail Mary!

Come on, Joey! - be a sport!

Clare, one of the fairer secs

Gabrielle - a little bit of what you fancy

COME AGAIN

the girl you've asked to see

This month's *Come Again* column is dedicated to the whims of just one man, a certain Mr Antonius Caesar (or so he claims) from "somewhere on the Sussex coast".

"There's no contest for the girl I want to slaver over again in Club," he writes. "It's got to be Marion from Vol 19 No 3. Those boobs, those lips, that smooth, golden skin, that pussy..." There was more of the same, but since we come to praise Marion, not to bury her under a diatribe of filth, that's all you're all getting. We suggest you get stuck in to our re-run beach belle.♣

her favourite sexual position and we'd better all do what she says or else. Yes, it's all in Club this month, out now! Don't leave bed without it!!"

Thank you, Rathbone, we'll let you know about the account. In the meantime, take a look at the inside of Club. It's hornier than a really horny horn that's got a BA in horniness from Horny University (Copyright Ben Elton 1990).

You'll be glad to know that our advertising man has now been sacked. He was a right nancy anyway. - Ed. ♣

Sock It To 'em

I've been longing for ages to find a magazine which features girls wearing socks. Yes, that's right, not stockings but LONG WOOLLEN SOCKS, or legwarmers even. I think my fetish goes back to an old girlfriend who used to wear them, but now I just can't get enough of gorgeous girls in long socks.

Over the last few months Club has really done me proud! What with delicious blonde Sian in her pink legwarmers, and randy Mandy in long, white, woollen socks, I've been in seventh heaven. I'd love to see more pics like that, especially the model's legs and feet clad in those wonderful woollies. After all, I can't be the only person in this world who'd kill for a girl in long socks, can I? - *CR, Carlisle*

Yes.

Bum Deal

What a disappointment was Julianne James' appearance as Club Girl of the Year (Vol 19 No 1)! Of the ten photos you showed of her, only two showed her pussy and another six had her wearing G-string panties. Somehow the lovely Julianne and panties just don't seem to go together, and I'm sure that the way her pretty, shaved pussy was displayed in her two previous Club appearances won her many votes.

Was this set just a mistake? I suspect not, as there seems to be a 'pussy free' trend amongst some of your photographers; I offer as proof Joslyn in Vol 19 No 1 (only one shot that shows a slight trace of pussy), and then in Vol 19 No 2 Becky (no pussy at all), Kim (just one tiny bit in seated pose), and Jade (one, not very clear). This must be the fault of the photographers. Tell them to forget this pseudo-arty, Botticelli nonsense - this is 1990! What I want to see is lots of lovely girls with their legs open, clearly showing their pussies. And what can beat a rear view of a delicious slit disappearing between a pair of lovely round bum cheeks? I'm sure most of your readers agree with me. - *LM, Wandsworth*

We tend to let the girls decide just how much they want to show us, LM. Sometimes, like Becky, they're a little coy (I find a nice bum stretching a pair of French knickers very sexy myself), and sometimes, like Ginny in our last issue, they want to go as far as possible! Our rule is - if she's a sexy girl, she'll find a home in Club. - Ed

Desktop Poking

I've been employed by the same company for a number of years now and work with quite a few women, but in all those years I never thought sex would be on the agenda at the office.

Kath the supervisor in my department is 40 years old, blonde, with long legs, average sized tits with lovely hard nipples, and a big cunt. Lorraine her assistant, who Kath employed about six months ago, is in her late twenties, small, with dark hair, a suntan, cute little tits, and a nice hairy cunt. On the night that this happened, Kath, Lorraine and myself were working overtime till eight, but at about ten past seven Lorraine asked if she could leave as she was feeling ill. I was later to discover that this was just a

ALL HANDS TO THE RUMP!

We'd rather gloss over the gory details, but look what happened when we had the decorators in at the Club HQ. Bottom marks for model Maxine who put her pert posterior in the way of the workmen and wound up with vinyl silk next to the skin. Then it was all hands to the rump as the painters applied their coats of many colours and then admired their prints charming.

Sounds fun? The best bit came later - getting out the turps and slowly rubbing the matt off her butt. After that we were all feeling a bit emulsional - especially that non-drip of an Editor. He invited the girl back to his place to get dry. Unfortunately he got the brush off. ◆

PLUG!

Do you wake up every morning, and run bollock naked to the bathroom smelling like Fatima Whitbread's jogging shorts? Then *Plug!* has the answer.

This month's bit of brown nosing is for an aftershave with the nauseous name of Ted Lapidus Pour Homme. Yes, it's a poofy perfume that combines the "character of lavender, basil and thyme" with the "harmony of coriander" and the "warmth and longlasting qualities of

oak moss woven together with sandalwood". *('Kinell - Ed).* It might sound like Monsieur Lapidus went down the woods, picked up any old shite and boiled it up to sell at £22.50 a bottle, but it has a nicer niff than sweaty bollocks.

What's more, if you spend over £40 on smelling like a soggy forest they'll give you a nice white and grey cotton dressing gown to cover your gonads when you go for a crap. You can see it here. But we can't tell you if it's comfy 'cos the tight wads wouldn't send us one. Instead we have a bottle of the strong pong the size of a small suppository, which we shared out. It hasn't attracted any women but there are squirrels nesting in Midson's Y-fronts and dogs keeping pissing on the Editor's boots.

Lapidus Pour Homme costs £15 for 50 ml or £22.50 for 100ml. Confucius say, a good wash costs nothing.♣

ploy.

A couple of minutes after Lorraine left, Kath dropped her pen on the floor and asked me to pick it up. As I crawled under the desk, I saw that Kath had taken off her shoes and was pointing with her toes to where the pen was. I touched her foot while picking up the pen and she said, "That tickled a bit, but I love it when men suck my toes rather than touch."

At this, my heart started to pound and I was quite nervous, but something made me take the plunge. I started to suck her big toe. It drove

Je ne sais pas pourquoi, but here at Raymond Towers we think there's nothing sexier than a French girl, especially when her name's Gabrielle and she's wearing some very naughty French underwear.

"I ought to look good in it," Gabrielle confesses, "since modelling lingerie is what I do for a living! I have to do it on the catwalks, in catalogues and in some of the most chic boutiques in Paris - and I love it. A lot of the buyers are men,

so when they come to look at the merchandise they also have a good look at me.

They love my long, smooth legs and the way I thrust my boobs out, and I know I'm

turning them on when I see them all crossing their legs! And I'd be lying if I said

that it didn't make me a bit excited too!" ♣

You'd not normally find Lisa taking her clothes off - she's more used to removing other people's! For the 19-year-old from Brighton is a professional masseuse.

"I don't mean in the seedy sense," she laughs, tossing her luxuriant brown mane. "I work in a very expensive health club, and we have lots of rich and famous people coming there. I could tell you a few tales about celebrities who've taken

their clothes off for me!

"One day I was giving a professional massage to this guy who runs a model agency, and he suggested I ought to try my hand at modelling. I haven't looked back since. I think my body's pretty good, and so I love to show it off, but I've never had the chance of actually having a massage myself. Anyone out there willing to offer me one?" ♣

MICROU

Ducking the swear words, *Gil Gibson* met Hollywood's most infamous bad boy. Mickey was feeling as mean as ever...

Mickey Rourke has the pale, worn face of a debauched cherub with designer stubble. Of medium height, he has blue eyes, a fetching smile, and has been hailed as the new Brando, the new James Dean - the new you-name-him and he's it.

He also happens to be the actor who turned down the offer to star in both *Beverly Hills Cop* and *Top Gun*, which became two of the biggest hits in movie history. Instead he chose to star in a

films like *Homeboy*, *Year Of The Dragon*, the highly controversial IRA movie *A Prayer For The Dying* and *Barfly*, in which he starred with Faye Dunaway as a hopeless drunk. All of these were so-so successes at the box office, but Rourke remains stubborn and choosy about his roles.

It's for his sexy roles that he's most remembered, for when Rourke takes off his clothes on screen, box office receipts soar. This was most obvious in *9 And A Half Weeks*, the sado-masochistic film in which he starred as a man who manipulates his girlfriend (Kim Basinger) into a master and slave relationship. In one scene Kim - who loved the film and keeps a full, uncut, eight hour print at home for her own enjoyment - is seen blind-folded while Rourke puts ice cubes, among other things, into her panties.

Then there was *Angel Heart*, in which he starred with the then 18-year-old Lisa Bonet. The sex scenes in this were so raunchy that the film was almost refused a rating. At 33, Mickey Rourke is undoubtedly Hollywood's most engaging bad boy, charismatic yet rebellious, and is regarded as one of the finest actors of his generation. He has a reputation for being arrogant, rude, loud mouthed. And women love him. When we spoke to him, he was in characteristically forthright mood...

Club: Concerned about the commercial failure of all her films to date, Madonna has invested five million dollars of her own money in a new movie. She wants you to co-star with her.

Rourke: So I've read. The movie will be called *Frida And Diego* and it should be fun to make. The money will also be great.

Club: How do you feel about dating actresses?

Rourke: I'll date any woman who's *not* an actress. To me, actresses are the most unattractive women on the face of the earth, because they're so neurotic and needy. Or at least most of them I've met are. They act like big babies. And most of them are shitty actresses to begin with. I'd rather be with a beautiful model.

Club: You seem to disapprove of so much that Hollywood stands for. Did you mean it when you told an Italian magazine that you were only in it for the money?

Rourke: You're so damn right! Until four years ago, I was still some kind of an idealist. I was certain that I could be a good actor and do a good job as an actor. I thought you must know about acting and always do your best. Now I know it's not that way at all; to be a star you must learn to butter up the right people. And they'll get that from me too, any time they pay me enough!

Club: You appeared in *Homeboy* with Christopher Walken and your estranged wife, Debra Feuer. So the money must have been right then? Why did you make it?

Rourke: I know that that film didn't do too well, but *Homeboy* was *my* truth! I wrote the script myself and it took me nine years. It's about a boxing hero called Johnny Walker, who was the only white guy at the Miami Gym where I used to train. He ended up posing with a convict number for Miami police photographers while I ended up posing for the film cameras. I still wanted to make that picture, because it meant a lot to me personally.

Club: You're very choosy when it comes to film roles. How do you choose them? After all, you've turned down a few biggies and instead made some movies which haven't had great box office returns. Rumour even has it that you're short of money.

Rourke: Hollywood isn't making the kind of movies I really want to make right now. I know I can make even more money by making the 'right' movies and I don't spend as much money as I did in the beginning any more. The truth is, I'd rather give up possessions than take a job just to pay the bills, and anyway, people should mind their own fucking business!

Club: *A Prayer For The Dying* was your first feature with a strong political conscience. Do you plan to make more films with a political message or slant?

Rourke: Ireland is probably the only issue I wanted to be political about.

Club: When the film was released you got into a lot of trouble with the press, who printed reports that you'd given money to the IRA. Was this true?

Rourke: Bullshit! I never gave any money to the IRA or any terrorist organisation, and anyone who says that is a fucking liar!

Club: You're from an Irish background yourself even though you were born in New York. Is that why you feel so intensely about the Irish?

Rourke: I'm actually from Scottish-Irish descent. My grandfather came from Cork to the US and he ran a bar, as did his father before him back in Ireland. I was born in New York City, but my parents were divorced when I was seven years old and my mother moved to Miami where I grew up.

Club: It's been said that you were a very restless and undisciplined little boy...

Rourke: Let's just say that I wasn't very good at school!

Club: But you enjoyed boxing?

Rourke: I used to train at Miami's famous Fifth Street gym where Muhammed Ali also worked out. Although I enjoyed it I was still being told that I was undisciplined - whatever that means - and that my prospects were poor.

Club: Then you switched to acting?

Rourke: Yeah, I liked the idea of being in a situation that I was just pretending to be in. I left for New York to study method acting at the Actor's Studio. But I found acting difficult, because I didn't think being an actor was very... manly. You see, at first it was very scary for me learning to let go.

Club: Your very first real commercial success was *9 And A Half Weeks* with Kim Basinger. How did you feel about the X-rating this picture was given?

Rourke: I don't feel the movie really deserved it, but then, what can you expect from the people who are reviewing the movies today?

Club: The film was eventually heavily cut and censored. How do you feel about appearing nude on-screen?

For that movie I trained down to 155 pounds thinking of all those full frontal nude scenes coming

up. As it turned out, most of the sexiest scenes ended up on the cutting room floor anyway.

Club: You did do one completely nude scene that did remain on film, in *Angel Heart*. How did you feel about that one?

Rourke: Hell, I was nervous! But after the cameras started rolling, it was just like any other scene. And I felt that if little Lisa Bonet could do it, I could do it too. Then when *9 And A Half Weeks* came along, I was willing to do it again even if they cut it in the end. This time it was *them* who became nervous!

Club: Your wife Debra wasn't too happy about that role and it's said that it was behind the separation which followed?

Rourke: My wife was very angry that I was making this movie. I wasn't sensitive to her needs at the time. I isolated myself from her for three to four months and I guess without realizing it I was getting into the character in a very selfish way.

Club: Although you owe your current lifestyle to the movies, you don't seem to have many friends in Hollywood. Why?

Rourke: I hate Hollywood parties! I prefer the company of boxers and bikers and other street folk and I don't go for this 'being seen at the right parties' sort of thing. Fuck that! Hollywood is no good for me. I like to move around and I'd really rather not work here at all.

Club: What would you like to do instead - and where?

Rourke: I'd prefer to work for the next ten years in Europe. I just don't like what they make here now. I think this town is full of shit. I think it sucks. I think it's phony. I think all of Hollywood is full of shit!

Club: Aren't you afraid that this attitude of yours, this outspokeness, could hurt your career?

Rourke: What do you think I'm going to do? Hide behind closed doors like some scumbag? I think all showbusiness people are assholes and motherfuckers and not enough people say it!

There are lots of guys in movies who'll do that phony American Dream shit. They can't act but they make tons of money making all that garbage. Actors are scum!

Club: How would you describe the kind of roles you'd like to play if they are not to fit in with the American Dream idea?

Rourke: Roles that are real, from real life. With real people. Life doesn't always turn out rosy. I like stories with an edge and a little conflict. Middle-class characters are boring. My friends are real people. We don't do drugs, we don't drink. We ride Harley Davidsons. We have fun. When I'm not making movies and money, I put all that stuff away and live my life as I like. And if Hollywood people don't like it they can go fuck themselves with a baseball bat!

Club: You seem to be so open about your life and yet nobody really knows much about you or your real past, apart from what you decide to talk about.

Rourke: I just talk about now. I never want to analyse the past or where I came from or any of that stuff. It's nobody's fucking business!

Club: You've never been in a real big moneymaker but the scripts still keep coming in. There's talk that you may even do a remake of *The Desperate Hours* and play the old Bogart role.

Rourke: Ask Michael Cimino about that. And if my pictures haven't been major hits in the States, they've nearly all made big money in Europe. That's why I'd like to work in Europe, which is what I've just told you. But you never listen, do you? You press boys are all alike. Fuck you all!♠

"I've been doing some temping to help pay for my mortgage just lately," Clare told us, "so when this job came up for Club I thought I might as well put some of my new experience to good use!

"After all, how many of you are there who've fantasized about getting off with one of the sexy secretaries at work? Just about all of you, I bet. I've certainly found out since I've been doing some office work just how many blokes find it an enormous turn-on when I walk into the office, looking calm and efficient in my specs. They just can't

top of her, shafting away for all I was worth, while Lorraine watched, shoving two fingers into her hairy fanny. Then she started to lick my legs, moving slowly up my body until she was nibbling my neck and ears.

"Harder," demanded Kath as Lorraine stuck her tongue into her mouth and teased both her own and Kath's clitty. By the time I'd shot my load into Kath's cunt we were a sweaty, knackered heap, but we still managed to lick and suck each other dry before leaving the office.

Nothing like this has ever happened again in overtime, but they both make themselves available whenever they can for sessions back at my place. I always knew that they got on well together, but I'd never dreamed it was that much! Lorraine and I just do as Kath says, and we've had some great fucking sessions since! - *Anon, Newcastle*

Wine Whine!

Talk about boobs (and I don't mean the fleshy kind)! In Vol 19 No 2, I read with interest your article about Jean Michelet's novel way of pressing the grapes in his Burgundy vineyard.

You then informed us that we could "sip a cheeky little claret" - boob number one, as anyone who's ever drunk wine knows that claret comes from Bordeaux, and is generally a clear red colour rather than the purple of Burgundy wines.

The second boob, less serious, occured when the word "tang" was used; as far as I know, this used to be the name of a perfume made by Prince Matchabelli, which I presume was far from drinkable. True wine buffs would use the words "nose", "bouquet" or occasionally, "pong", the latter particularly in Burgundy where the wines are known to have a distinctive farmyard smell. (Now we know why, perhaps?!)

While on the subject of fine vintages, I thought blonde, hazel eyed Ginny was something else - definitely a "premier grand cru"! She can visit my cellar any time and try out my special extra long corkscrew. She deserves chambre-ing for a long period, say another six pages, and then like a vintage port, slowly decanted and drawn through fine muslin. 1970 was a fabulous vintage, and this 20-year-old proves that the best wines deserve to be savoured. If only my Chateau Latour 1970 was as good! - *SH, Knebworth*

Work Mating

My girlfriend Jade and I have always wondered if the stories you print in your magazine were true, so we decided to send in our own to check. *(Us? Make up our readers letters? Naaah - Ed.)* We have been together for a number of years now and have always had a fantastic sex life. Jade is a stunning blonde with a body that men drool over.

I've just started a new job, and so I've made lots of new friends to go drinking with after work; sometimes I took Jade along with me. After one of these nights out, Jade wasn't slow to tell me that Mark, one of my colleagues, is just the type of man she would go out with if she wasn't with me. Over the next few weeks Jade used to imagine that she was being screwed by Mark as she frigged herself for me, and it made us both really horny.

Finally she decided she had to do something about it, she fancied Mark so much, so we planned a dinner party and invited Mark and his girlfriend Debbie. But unfortunately as the night came, Mark called to say that he and Debbie had had a row so they couldn't make it. I told Jade, who wasn't too pleased as she'd spent all day cooking, so I called Mark and eventually persuaded him to

SON OF BAD JOKE

This month's supposed side-splitters were sent in by Roger of Cardiff. Unfortunately they were opened rather than being returned marked: "Bad jokes: not known at this address." Roger says he's 45 and lives on his own. This is why...

Why is marriage like being in the bath?

It's not so hot once you get used to it.

Failed music hall song and dance act The Fun Brothers were offered a ten minute spot in Liverpool - their first show for nearly ten years. Eagerly, they accepted, even though they were only getting paid a tenner each. Then they realised that they couldn't afford the train fare.

"How are we going to get there?" asked Cosmo Fun.

"Here, look! There's a narrowboat company offering berths on their boats going up north. Travel is free so long as you help open the locks and unload the cargo," said his brother Zeppo.

"That sounds ideal!"

So they booked up for the next boat going to Liverpool. However, when they got on, they found that the load being transported was manure. But it was free, so they set off.

When they came to the first flight of locks, the lock-keeper leaned out of his cottage and asked the boat's owner what he was carrying.

"Five tons of shit and The Fun Brothers," came the reply.

At the next flight of locks, the same thing happened

"Five tons of shit and The Fun Brothers," said the owner again.

In fact, at every flight of locks all the way to the outskirts of Liverpool, the

wrote: "Why does your Editor have so many stupid pets? Isn't a ludicrous name enough for him?"

So, as the latest big gun firing in our circulation war with *You And Your Mammal* we present the first in our series of profiles on the Ed's pets. This month: Pete the Polar Bear.

Pete, 17, is a happy, carefree soul who likes nothing better than a night in with a seal curry, a crate of lager and one of the Ed's nature videos of mating polar bears. His favourite band is Echo and the Bunnymen, closely followed by Dr Feelgood, and he enjoys films by directors as Fellini and Spielberg. Clothes are from Pepe, cigars from Havana and books by Orwell, Greene and Martin Amis.

owner was asked about his cargo, and his reply was "Five tons of shit and The Fun Brothers."

Finally they came to the locks in the city centre, next to the very theatre The Fun Brothers were playing. Once again the lock-keeper asked what they were carrying. This time though before the boatman could say, "Five tons of shit and The Fun Brothers" he felt a tug at his sleeve. It was Zeppo Fun.

"Err... excuse me."

"Yeah, what is it?" said the old canal man gruffly.

"Look, we're right outside the theatre we're playing. Is it possible that just this once we could have top billing?"

Thanks, Roge, you're certainly a humorous fellow and no mistake. But you don't go away empty handed. You take home with you a Club Wankety Wanker chequebook and pen. ♣

As you can see, Trisha is definitely a stockings and suspenders girl. Our very favourite kind!

"I just love wearing sexy undies, because I know that they really get men excited," she says. "Of course, I wouldn't wear them if they didn't excite me too! This lacy basque is my favourite, because it pushes up my boobs and makes them look full and ripe, then nips in my waist to give me that lovely hour glass look.

"And I love the way the suspenders stretch over my firm bum, and the stockings feel silky on my legs. But I try not to wear any knickers, because I get so turned on by my undies that I like to feel my pussy juicing up as I'm walking along wearing them!" ♣

BUZZ AND THE MINISTER HAD VERY DIFFERENT IDEAS ABOUT SEX. ONE OF THEM WAS GOING TO HAVE TO CHANGE HIS MIND...

Balls full to bursting, Buzz crossed a zebra in London's sleazy Soho. Buzz had an appointment with sex. What he didn't know was that he also had an appointment with destiny.

For three days he'd eaten nothing but raw eggs and drunk nothing but real ale, and hadn't used his prick for anything sexier than taking a leak. On today's film set he'd get to eat something a little more nourishing: some sex star's fresh, creamy pussy.

On the other side of the West End, at the exact moment that Buzz stepped into the road Harold Whiteley, Minister for Moral Welfare, was climbing out of his chauffeur driven Sierra Cosworth. Whiteley also had sex on his mind, though his attitude was a little different to Buzz's.

The Minister's select committee on pornography would be convening in a few days. He was confident that as a result of it, new legislation would be passed that would permanently ban all forms of x-rated entertainment.

The next step on the agenda would be to ban sex for any purpose other than procreation, which was what the Creator had intended it for. Any other use was rank perversion as far as the Minister was concerned.

There was still a lot of preparation before the hearings began though. The right people had to be co-opted, others had to be bribed, and still more owed the Minister favours that he'd now have to call in by the dozen.

Little did the Minister or Buzz suspect that Fate had very different plans in store for both of them.

As Buzz stepped off the pavement, his attention was distracted for a moment by a pair of shapely legs barely concealed by a red micro mini-skirt. In the brief instant that he turned his head to stare at the girl's swaying bum cheeks, a dustcart veered around the corner and sent him flying ten feet into the air.

In that very same instant, a couple of miles away, one of the rusted bolts securing an air conditioner to its window four stories overhead snapped, sending the heavy unit plunging down on a collision course with the Minister's head.

The Minister's next conscious thought was one of uncontrollable panic. Suddenly he was walking down a strange street. The clothes he had on were strange to him too, and the face he saw reflected in a shop window he passed was the strangest sight of all.

"What the devil's going on here?" the Minister said aloud, hearing a stranger's voice speaking as he moved his lips.

Amazingly, his own voice answered. "So you finally woke up, eh? I suppose they weren't joking about you after all."

"Who are you?" the Minister shouted. "What - what's the meaning of this?"

"Hey, mate, keep it down to a roar, okay? People are staring," his own voice shot back. "We could be together for a long time, so you might as well relax. They said we'd have to work out whatever differences we had between ourselves."

"Who said these things?" the Minister returned, barely able to keep his voice down, but realizing that they were starting to attract curious looks from the people scurrying up and down the pavement. "What in the Lord's name are you talking about?"

"Let's duck into this cafe," his voice answered a moment later. The Minister felt his feet change direction and his arm shoot out to throw open the door. Finally he was sitting at a dark booth at the end of the row. "Good. Some privacy's what we need," the voice continued. "Now let's start at the beginning. The first thing you've got to understand is that we're both dead."

"Dead?" asked the Minister. "What do you mean, dead?"

"Dead. As in stiffed, wasted, the end. I died when I was flattened by a runaway dustcart. You copped it when that air conditioner zonked you on the noggin. Once you get past that part, it's a lot easier to accept."

"I don't believe I'm hearing this!" the Minister shouted.

"You'd better, mate," the voice answered. "When I woke up I thought I was in a hospital, except the nurses were sprouting wings. Could be some kinky party outfit, I thought, until a bloke in a long white robe came around and pointed to a bed next to mine. He said you were in it, but you were still asleep. They said both our souls were still okay, but one of the bodies had to go. When they decided which, they'd put us both together. I suppose they reckoned my bod was in better shape, so here we both are sitting in it."

"Go on," the Minister said, not believing any of this was actually happening. He'd already made up his mind that he was having a nightmare and would soon wake up.

"Well, they said that neither of us could have eternal peace until you learned your lesson."

"Me!" shouted the Minister. "What lesson, young man?"

"They said you were a sexually fucked-up wanker who was out to make a lot of trouble for innocent people. They told me that sex was created to make people happy on earth and that if a bloke like you got his way then a lot of human happiness would go right down the old toilet. So they said I had to teach you about what you didn't understand. If I succeeded, then I could find eternal peace and so could you."

"Teach me?" the Minister asked. "What could a yobbo like you teach me?"

"Reach into my - I mean *our* right pocket," the voice said.

The Minister did this and pulled out a business card with raised blue lettering. The card read: BUZZ SCUZZ - PORN STAR.

"I need a stiff drink," the Minister groaned.

"Sorry, mate," Buzz responded. "The only thing stiff I can offer is our mutually shared dick."

* * *

Hot stage lights blinded his eyes. The air smelled of sweat, spunk and pussy. In that order. "This is preposterous!" the Minister blustered.

"Nope. It's sex," Buzz said back as he pumped a girl's cunt from the doggy position on the set of a new adult-rated flick. "Man, just feel that pussy," he went on as he switched to high gear, driving his cock in and out like a steel piston. "It's so tight and hot I can hardly take another second of it."

At that moment, the director yelled for Buzz and the girl to switch positions, with the girl now fucking him from on top. As she pressed her big round tits into his face and began doing push-ups on his cock, Buzz said, "Why don't you take over from here?"

"What are you saying!" protested the Minister. "I can't. I won't!" But by then it was already too late. A moment ago, the Minister had felt like an onlooker, experiencing the porn scene through someone else's mind. Now Buzz stepped away and put the Minister in the pilot's seat of their shared body.

The experience was incredible. A tidal wave of

delicious new sensations washed over the Minister, leaving him shaken and excited at the same time. As outraged as he was, he had no choice but to keep fucking the moaning girl for all he was worth.

As she thrashed and bucked astride his madly pumping hips, shaking her mane of curly blonde hair frantically, her snatch bore down on his hard pecker like a wet velvet vice.

"Hey, that's pretty good!" the Minister heard Buzz say encouragingly. "Keep that up, partner, and you'll be firing off your load in no time."

"Shut up, cretin!" the Minister mumbled back.

Of course Buzz could also feel the exquisite sensations of the aerobic workout that his prick was getting deep inside this horny girl's gushing pussy. He could feel it just as much as he could taste, smell and feel her tits and hair as she squirmed and gyrated against him. Just then, Buzz heard the director yell for a come shot.

"Okay, here's where I cut in," Buzz said, as he took back control over their body for the final wad shot, whipping his ejaculating pecker out of the writhing girl's pussy and pumping out the cream in a series of rapid fisting motions.

Her stomach was drenched with cream and she made cooing sounds as she squatted down to take the jerking prick between her tits and squeeze the last few droplets of come on to her lips and tongue. The camera zoomed in for a tight shot of her come-dripping face and breasts.

"Get me out of here!" shouted the Minister.

"Sure, mate," Buzz replied. "After I get paid."

A little while later, Buzz and the Minister's shared body climbed out of a taxi in an area that was instantly familiar to the Minister. It was a plush suburban neighbourhood of manicured lawns and shady trees fronting expensive homes. Until his recent departure from planet Earth, the Minister had lived here.

"Nice place," Buzz put in. "I can understand how a person could feel well comfortable living here."

"Spare me the compliments," the Minister snapped. "Just tell me why you've brought me here. More of your 'educational' mission, I suppose."

"You got it right there, chief," Buzz returned. "Today we're going to learn a new lesson about fucking and sucking. One I'm sure you'll take to heart."

All of a sudden Buzz noticed what he was looking for. Another taxi had pulled up a few feet down the street from the Minister's house. "Right on time," he said.

"Who's right on time?" asked the Minister.

"The bloke getting out of the cab," Buzz returned. "The bloke heading for your front door."

Indeed, the Minister did notice that a young man was walking up the street in the direction of his house.

"What's he doing here?" asked the Minister.

"He's going to fuck your wife," Buzz said matter-of-factly. "That's right, you heard me, I said he was going to bang her. The bloke's from an expensive escort service. Bet you didn't know your old lady was getting her chimes rung while you were at those fuckin' hearings of yours."

"B-but... she was on the Concerned Housewives' Moral Welfare Committee."

"So what?" Buzz responded. "Maybe she was doing a bit of research of her own on the side."

Suddenly their joint body sprang into action as they ran towards the bloke who was quickly approaching the house.

"Come on," Buzz yelled. "We're going intercept him." A few minutes later, the stud was walking in the other direction with a hundred pounds. When the lady of the house ushered in the visitor a little while later, it was Buzz/Whiteley who had taken the male prostitute's place.

"I can't believe what I'm seeing," the Minister said as his wife began wantonly sucking Buzz's cock. "She never did this sort of thing with me."

"Maybe that was the problem, sunshine," Buzz returned as he stroked the young widow's jet black hair and fondled her stiff nipples while she blew him. "Got to give the girl a good tupping every once in a while to keep her happy. Otherwise she might tend to look elsewhere."

An onlooker within his own body, the Minister experienced the exquisite sensations of his horny young wife giving his prick the kind of blow-job he'd never ever had from her. He could see his own long, glistening prick sliding in and out of her ripe, full lips while her hands lovingly caressed his shaft and balls.

The Minister felt the cock grow enormous in her mouth and suddenly jerk, hearing his own voice grunt as the spunk blasted down her gulping throat.

Suddenly he heard Buzz laugh and the next thing he knew he had his big fat dong in his flying fist, pumping crazily to spray the last of his load on to her lewdly bared boobs which she held out like pillowy targets to catch every drop.

After her beautiful sucking had his prick hard once again, she knelt on all fours on the carpet, pushing her backside up in the air as her hand ran down her stomach to rub her clit.

"Push it in me," she moaned, slipping a finger up her tight, wet snatch. "Don't make me have to frig myself off in front of you. Fuck me from behind with that big cock of yours." The Minister was shocked at his wife's dirty talk, but his cock was stiffer than ever. He loved seeing her frigging while she begged for his cream. Taking his thick tool in one hand and her firm buttocks in the other, he rammed himself up her tight snatch.

He was amazed at how good her cunt felt, even after the great cocksucking her talented lips, tongue and fingers had given him. Yes, he thought, that snatch of hers was even better. Hotter and deeper, it seemed to suck the come right out of his prick. Soon he was firing his gobs of love juice into her again, throwing back his head and groaning as he clasped her buttocks and pulled them toward him while bucking his hips furiously to drive his dick in and out of her in a blur of sexual heat.

He had to admit he was having the time of his life - or was that his death? Whatever the case might be, this fucking was even better than the time he and his University chums went over to Amsterdam one college vac and spent two blissful, dope-soaked weeks fucking the girls at a local brothel.

"Hey, don't be greedy," Buzz said, trying to gain control of their body so he could have some fun too. "There's plenty more where that came from."

"Keep your shirt on," the Minister shot back. "I'm busy right now."

Suddenly Buzz realized that he had accomplished the mission he'd been sent back to the Earth plane to carry out. Maybe now he'd be able to find the eternal peace he longed for. He just hoped they had pussy up there when he arrived...♣

DEE

Way back in Vol 18 No 3 was when we last had the pleasure of ogling Dee's sensational body, so what has Club's very favourite wild child been doing for the last year?

"I've been following my favourite band around the country," she confesses wickedly. "I won't name them because I don't want to spoil the plans I've got for getting them into bed, but they're a five piece from Manchester and the keyboard player is the cutest thing I've ever seen.

"I just love guys who wear those big trainers, and have bowl haircuts and those lovely baggy tracksuit trousers so that you can see their packets swinging about underneath. All the band dress like that, and it's just so *horny*!

"I've not managed to shag any of them yet, but I'm working on it - and believe me, when I get to play a tune on that man's organ, you'll all be the first to know!" ♣

THE BASTARD'S GUIDE TO... THINGS

More properly known as inanimate objects, or crap, useless things are uncovered by leading investigative journo and all round arsehole ***Reggie Snatchgobbler.***

I was having a chat with my old mate and Club colleague Nathaniel Fatbastard the other day when he fell over. Of course, that's not unusual for Nat. He falls over nearly as often as he throws up - that's just the sort of guy he is.

However, this time it wasn't his fault. A paving stone had nipped up in front of his foot and sent him flying.

Things hate us. The main problem with life is things. All inanimate objects were made by God with a desire to hurt, obstruct, blind, maim, frustrate and kill any passing human being. As it happens, this particular stone was crushed to death when Nat fell on it. But that's not the point: the paving stone might have gone for anyone - a boy scout, Nelson Mandela, my mum, or even you. It was a thing, and things hate all human beings.

As Club's roving reporter on all things bastard, I had to investigate further. This is my exclusive report on the all-round bastardness of *things*.

LUCOZADE

Lucozade is a bastard because you see all these muscle-bound athletes on the telly sucking it down after running 100 metres in 6.3 seconds. You go out and buy some, and then you can't get the sodding top off the bottle without a heavy-duty monkey wrench.

Result of contact with thing: depression.

CIGARETTES

Cigarettes always run out exactly two minutes after the corner shop has closed. If the pub is still open, you go to use their machine and it is either empty or you can't find the right change. You end up going miles to the all-night garage, who have run out.

If you light a cigarette in the dark you will always find you have lit the filter and your fringe, and you have the tobacco end in your mouth. You inhale deeply and fill your lungs with foam.

If you do not smoke, you will have noticed that cigarette fumes always find their way to you. If you sat in White Hart Lane at the Park Lane end, and just one person was smoking in the North Stand, a big sickening cloud of it would go right down your throat by half-time.

On the other hand, if you're giving up and are desperate for a drag, you could give the kiss of life to Alex Higgins when he was halfway through his 90th of the day and still not get a decent lug.

Result of contact with things: nervous exhaustion.

WOMEN'S UNDERWEAR

Any 17-year-old knows that girls' bras are impossible to undo. Unfortunately every 70-year-old knows this too.

At the crucial moment with your first girlfriend when you've brought her home from the pictures and her parents are in bed, you have to get the bra undone. Now most women think men are such depressed, inadequate, fucked-up creatures because we're made that way. In fact, it's because of the crushing humiliation we all endured when we tried to unclip our first girlfriend's bra.

First you reach into her top while you're still kissing her and try that way, but no matter which way you tug on it the thing stays as firm as concrete. Then you break from the 36-minute snog which has left your lips as frayed as the second-hand rug in your bedroom, put both arms around her like you're starting a hug, and fiddle with it that way. Eventually you fetch a pair of her Dad's pliers and get her to sit with her back to you. Some hope. You'd need an oxy-acetylene torch.

The next day she tells all her mates at school you couldn't get her bra off. You spend the next two years hiding in the larder, hitting your head against the wall moaning, "Why? Why? Why?" Then you go out and buy a woman's bra to practise with, and the rumour goes around town that you're a transvestite.

As you get older you realise that all men are incapable of removing women's bras, and give it up. Then you find that women's knickers, though in theory easier to get off, always stay on at the crucial romantic moment. Just when she moans, "Take me, I'm yours, big boy" and you get on for the ride, you find her knickers are round her knees and are tangled up in the bedclothes. They take three minutes to remove, by which time she's saying, "Wake me in six hours."

Result of contact with things: paranoia, possible suicide.

CHAIRS

Chairs used to be fairly decent things. Carpenters made them and beat some sense into them with some hammers, some planes and a screw or two. Now, though, chairs are specially designed for offices to fuck people up. They have a small, explosive cannister of compressed air in the base, and these are supposed to make the chair adjust to the height you want. What they really do is shoot down and hurt your spine when you're not expecting it, or crash up into your arse, making you cry and fart just as the boss walks in. Evil, depraved and vicious.

Result of contact with things: spinal injury, job loss.

KEYS

Keys are shy creatures, and gather together in large bunches to help them hide from human beings. They breed rapidly, so when you put two keys together there are 18 in the bunch by the following Wednesday.

Every key fits some lock somewhere, but never the one you are trying to open. If you have just returned from football where your team has lost 4-1, the key to your flat will not be on your bunch: it will be sitting inside on the draining board next to the cooker, where it landed when it jumped out of your pocket before you went out.

People who have studied keys extensively do not use them for this very reason. If they nip out to the shop, they take a tool kit including a hammer, two chisels, a hacksaw and a six pound mallet. This is more convenient than keys in the long run.

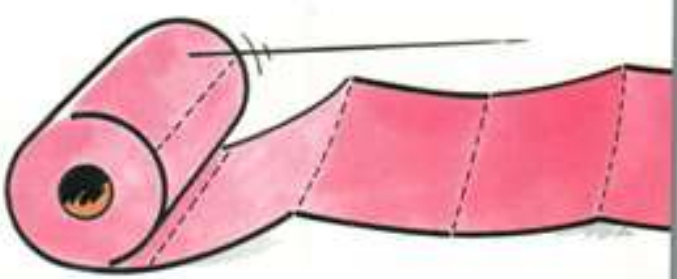
Result of contact with things: violent fits.

TOAST

A fascinating and scientifically valid experiment was carried out at Oxford in the 50s. A scientist bought 20 rugs, ranging from cheapo rush mats to wallet-breaking Persian jobs. On each mat he dropped slices of toast, spread thickly with Oxford marmalade, from a height of three metres.

When he analysed the results, he found that the more expensive the rug, the more often the toast landed marmalade side down.

Thousands of pounds were spent on the experiment, even at 50s prices. In fact, anyone who likes toast and owns expensive carpets could have



told him the result for free.
Result of contact with things: sticky carpets and ruined toast.

PETROL CAPS (LOCKING)

Locking petrol caps work very well until you get to an isolated service station on the M1 with almost no petrol in the tank. Then they will either not come off (in which case you're doomed to stay at the service station for ever and live on traditional fish-style "cod'n'chips" (contains no cod)), or will not go on again. Hundreds of motorists have disappeared for ever in what has become known as "the locking petrol cap triangle", which extends between Watford Gap, South Mimms service station and the Severn Bridge.
Result of contact with things: car breakdown, nervous breakdown.

TOILET ROLLS

Toilet rolls are designed so that when opened it is impossible to get a clean, whole sheet of paper. It all comes in shreds. You have to tear away at the thing for an hour, and by that time there are only ten sheets left on the roll - which, considering how nervous you have been made by the experience, may not be enough.
Result of contact with things: unhygienic.

EDGES OF DESKS AND TABLES

Edges of desks and tables leap out from hiding and drive themselves painfully into your leg. That is all they are there for.
Result of contact with things: pain, amputation.

OTHER PEOPLE'S TOILETS

In general, people manage to train their own toilet fairly well. If you go to someone else's, the thing knows your bum is a stranger and does its best to screw you up.

First it won't flush. This isn't so bad if you've just been draining your henry, but if your deposit was a bit more substantial it could mean you're never invited back there again - and your friends start referring to you as "Mr Floaty-log". After 20 minutes spent wrenching the flush handle around, you give up and try to hide the thing under layers of bog paper.

Then you make the crucial mistake of trying one last flush. The whole lot jams, the water rises, and in ten seconds you've covered their carpet with three gallons of untreated sewage.

At this stage you try to climb out of the window. It is in situations like this that the true nature of life dawns on people.
Result of contact with things: anal retention, social death.

JIFFY BAGS

These things are in fact booby-traps sent by your enemies. After you've spent five minutes trying to rip them open, they finally tear, exploding in a mushroom cloud of fine grey dust. If you do manage to find the 'opening', you stick your hand in and it is slashed by a row of razor-sharp staples which lurk just inside. When you finally get to the contents of the bag they are covered in a slime of dust and blood and have to be thrown away, very annoying if they are the sex aids you've been waiting three months for.
Result of contact with things: mutilation, lung disease.

BRITISH RAIL LOUD SPEAKERS

You may not believe it, but BR staff actually have completely normal voices. However, BR loudspeakers are highly sophisticated devices, computer programmed to make anyone speaking into them sound like a wombat on valium. This is why you always end up in Carlisle when you were travelling from Birmingham New Street to Norwich.
Result of contact with things: disorientation, persecution mania.

PETROL GAUGES

These have much the same effect as locking petrol caps (see above), but are more subtle and evil. They register three-quarters full until you are 32 miles from the nearest motorway service station, when they slump to empty. Many of us have lost our best friends in this way.
Result of contact with things: death from exposure.

DANNY BAKER

Danny Baker is possibly the most dangerous thing on earth. He appears on television screens without warning, and many innocent members of the public have been suddenly and tragically irritated to death.
Result of contact with thing: libel action.

Postscript: as a result of an encounter with a troublesome front loading bra, Reggie Snatchgobbler is currently undergoing surgery. Therefore, next month's column stands an extremely good chance of actually being funny. ♣

MARIE

Photographs by Scott Evans

"There's not very much to do in Tamworth," dark-haired Marie told us, "so I have to make sure I have a lot of boyfriends to keep me company on all those quiet nights in.

"At the moment I'm stepping out with four different blokes, so things can get a little confusing! I've never got anyone's name wrong yet, but I'm sure it's going to happen soon. They all know about each other - in fact, two of them are mates - but as I love sex and keep my body in great shape for my men,

they let me carry on as I please.

"I met them all through my work too. I'm a hairdresser, so all the guys with lovely, long, curly hair come to gave it styled. Guess which type of guy I always go for! With all my boyfriends, I get my hands on their locks first, and then their bodies. But I' always on the lookout for more, so if there are any blokes out there who could see me on Tuesdays, Wednesdays or Sundays, just get up to Tamworth!" ♣

Where the girls get down to business

A BIRTHDAY TREAT

My dear friend Suzie has always called me a horny bitch - but that's what I reckon is the pot calling the kettle black! She's just as horny as I am, and now that we're both 35 and divorced, we love to show off our bodies to any guys who happen to be around. I've always dressed to show off my 38c-28-38 figure to its best advantage, and I love wearing tight, low cut dresses with sexy satin or silk undies, not just to excite my men friends but also to excite myself.

Suzie and I decided to hold a joint 35th birthday party at Easter at Suzie's house. She came out of her divorce with everything a girl could wish for; a large house complete with swimming pool adjoining her lounge, a large cash settlement and a brand new sports car, so as well as her own income she is comfortably well off.

The morning of my birthday, Suzie gave me a card and a present, which I tore open eagerly. The sexy bitch had given me a tiny black rubber G-string complete with a small, inbuilt dildo with pimples on it for extra sensation. Immediately I was alone I tied it round my hips and after about 30 minutes my cunt was awash, but the G-string, though only just covering my pubes, was still quite tight, and it stopped my juices running down my thighs. I did have to sit down a couple of times while doing the housework, and although I didn't quite have an orgasm the feeling was extremely pleasurable. Even after a bath my cunt was still juicy, so I decided to keep my present on for the evening.

I knew Suzie would be wearing something really outrageous, so I'd bought a black and gold, virtually topless satin basque a size too small, so that when I tightly laced myself into it, it not only accentuated my waist, but it forced my already noticeable tits together, giving me an even larger cleavage.

When I arrived at Suzie's house she was just getting dressed - if that's what you call it! All she had on were gold lurex seamed stockings and a gold lurex suspender belt, complete with eight suspender straps, and there, framed between, was her fanny, which she had sprayed with gold glitter to highlight her pubes. She hadn't bothered with panties or a bra, the old tart, but had tied a fringe above her tits, hung with white and gold satin ribbons, and a similar fringe around her hips was slung so low that the crack of her bum was almost on display. When she twirled around the ribbons moved and she appeared to be totally naked.

It was almost as if the theme of the party was "as bare as you dare", for all 15 girls there were wearing what would be considered outrageous, indecent outfits. As for the men, there were many tight pairs of trousers showing off bulging cocks - obviously all the female flesh and stocking tops on display were having the desired effect.

Now, one of my attributes is that I love to jive and am particularly good at it. One of the young studs, Chris from Suzie's squash club, was jiving with me, and I forgot all about my rubber dildo still being in place. After about ten minutes I could feel my cunt getting rather lubricated as the dildo's pimples started to hit on my clit. I just couldn't control myself, and stopped dancing to hang on tightly to Chris, rubbing my crotch against his cock. I tried to stifle my scream against his neck, but I just couldn't stop shuddering.

"I believe Maggie's knickers are working overtime!" Suzie said. "But I think she needs a real, stiff cock. Give it to her, Chris."

I lost control completely as Chris led me over to the

lounger by the pool. He undid my dress and let it fall to the floor while Suzie released the ties on my G-string. I ripped away Chris's trousers, revealing a bulging scarlet pouch. I just wanted that cock in my cunt and mouth at the same time: I was spoilt for choice.

Chris turned me over and slid into me doggy style, and was pumping away when two proud cocks appeared right in front of my face. I grabbed them and started to lick with my tongue like there was no tomorrow. One of the guys didn't last long, and shot all over my face, while the other guy, Jimmy, was really enjoying me mouth-wanking him. I just about managed to take all his spunk before I came again, closely followed by Chris shooting his wads high into my cunt.

As I rolled over on to my back I could see several other groups of bodies getting down to it, and was enjoying watching when Suzie started to lick the spunk off my face, and was soon thrusting her tongue into my mouth to taste some of Jimmy's come. Then I felt a girl's smooth face between my thighs, flicking away at my cunt to extract Chris's load.

I was fucked once more on the lounger that night, and when everyone got into the pool the whole thing turned into a bit of an orgy. In the middle of the night we were all to be found lounging around in a variety of undress; damp stockings, bare fannies and either naked cocks or spunk stained G-strings were the order of the day. It certainly was a birthday to remember, and it was all down to the sexy birthday present Suzie gave me. - *Maggie, Norwich*

DESIGNS ON ME

My name's Julia, and I'm 18 and blonde with a 32b-22-32 figure. I've never been filled with a bloke's meat yet, though I'm not exactly innocent. I live with my parents in a little village not far outside Nottingham. There isn't much work round here, but I have a part-time job at the local shop, and for the past few weeks I've been occupying the rest of my time very satisfyingly indeed.

A few weeks ago I was in the local pub having a quiet drink with some friends, when I spotted the landlord talking to a very well dressed woman of about 25. When she left, there was a notice pinned to the bar which read: "Local designer requires models for trials and shows."

The thought of earning extra money was tempting, and so I rang her the next day. I explained that I was interested, but started to say that I was very small and so might not be the right size for her dresses, but she said she'd decide that when I came round. We arranged to meet that afternoon, since I had a half day at the shop.

I felt nervous as I walked up to the door, fluffing up my blonde curls, smoothing my best blouse down over my little lacy bra and hitching up my mini an inch or so to show off some more of my thighs.

When I'd rung the bell, this lovely looking woman answered, and asked if I was Julia. She was wearing a jumpsuit that was so tight I could see the lines of her knickers, and it was undone so far at the top that I could see the swell of her boobs.

"I'm Virginia," she said, looking me up and down. "Come in and let's see if we can find some designs for you to try on." I just stood there, expecting Virginia to walk round me or size me up or something, but suddenly she burst out laughing. "I'm sorry, you're new to this, aren't you?" she said. "When I say have a look at you, I mean you without your clothes - so that I can see what will fit your body."

I obviously blushed, so she carried on, "I'll go and make us a cup of coffee if you want to get ready privately." I didn't really know what to do, but automatically kicked off my shoes, slipped down my little black mini, unbuttoned my blouse and slid out of it. My heart was beating rather fast at the thought of Virginia, a total stranger, seeing me in my bra and little knickers that revealed everything.

Just then she came back with a tray of coffee and biscuits, and looked at my tiny figure appraisingly. "Now that's lovely," she smiled. "I need some petite girls for my new collection." I felt a lot easier at this, and was thrilled when Virginia got out a roll of material which she'd already cut and said, "Let's try this on you." She started to wrap it round me in the form of a dress, and I noticed I was breathing more heavily as her gentle hands flicked over my bra.

It was a soft, satiny material, and felt smooth and sexy on my body. Then, with her hands gently pulling my shoulders, Virginia turned me round saying, "With such lovely legs I think we ought to show more of them." Then her hands slid slowly up my outer thighs, pulling the skirt up to a micro mini, where she pinned it before slowly rubbing her hands in circles over my bum and whispering, "There, it shows off your

randy little rear!" I didn't know what it was, but I felt a strange but lovely churning sensation inside my cunt when she said that.

Patting my bum firmly, she put her hands back on my shoulders. "Now, let's just finish the job properly," she smiled, and unpinned the dress at the shoulders, letting it fall loose to my waist. She walked round me a couple of times, intently staring at my pink lace bra. My legs were starting to shake slightly when Virginia said, "I think what we need are some stiff little nipples to fill the top out. Take your bra off, Julia."

My heart was thumping, and I could feel myself blushing; but still, there I was unclipping my bra, flicking the straps off my shoulders and baring my small, flushed boobs. From behind me, Virginia's hands gently cupped under my small mounds until a finger flicked up from each hand to prod my teats into hardness. My nipples immediately formed stiff, long, brown points.Virginia pulled up the dress from the waist and pinned it at the shoulders again, with my tiny boobs clearly thrusting their stiff peaks against the soft cloth.

Virginia must have known that she had me under a spell. She pushed against me from behind, and I forced my bum up and out to meet her body. When she brushed her hands down the front of the dress, over my tummy to the hem, I simply pulled it right up to my waist.

I did everything without thinking. My heart was jumping and my nipples were throbbing like mad. When Virginia pulled down my knickers at the back, I giggled in my excitement. Then she pulled them down at the front, and I thrust my crotch right against her hand. As she unpinned the dress from the top, I scrambled to get out of my knickers.

slit, and then I felt her spread the petals of my cunt apart. I wriggled madly against her fingers. "Lie down," she whispered, and I found myself on the floor, legs spread wide. Virginia pushed my knees up towards my chest, and I opened myself up for more of her tender, tickling fingers.

I was juicy; I'd never been so wet before. My nipples throbbed like fury. Then Virginia's fingers finally hit it. "You're a virgin then?"

I was so embarrassed, because she obviously wanted to get her fingers right into me. They were still pumping in as far as they would go. I was leaking juices everywhere, and as Virginia massaged my pussy walls she whispered, "Do you

want me to do it?"

I groaned and writhed under her fingers, and just lay back and gently frigged as she left the room for a moment. Then she was back, and I had to look twice, because she'd stripped completely, and there she was with her lovely, big, firm boobs, pointed nipples, and a huge, pink, stiff dick strapped right in front of her cunt. When she lay next to me she inserted first one, then two, then three fingers into my juicy cunt lips, and as she gradually worked them up as far as they would go she lay down between my thighs.

My boobs were on fire by now, and I pulled hard at the teats as Virginia, her big tits dangling over me, guided the pink false dick to the very lips of my previously untouched love hole. Her probing fingers spread me even wider and then jammed the dildo's big knob end right into the well of juices that was my virgin cunt.

When I'd frigged myself before, I'd always had a gently tickling pleasure between my cunt lips, but suddenly, lying there with my legs flung up in invitation, Virginia up me right to the end of my cunt, I felt a huge, pulsing tightening in my cunt and a hard throbbing centred on my delicate little clitty. With her dildo shattering my virginity, Virginia thrust me into an explosion of coming.

Thanks to my new lover, I get to keep each dress I try out, and moreover, I'm the most sexually experienced girl in the village never to have had a bloke's dick! - *Julia, Notts*

Holiday Blues

Shower Power

My story doesn't take place any where exotic really, because I haven't been abroad on holiday for several years. Instead, every February I treat myself to a fortnight at a health farm. I know it does my body good, and it gives me the chance to get away from my hectic job as a recruitment consultant. I'm quite sporty anyway, so I like to play tennis and do aerobics and work out with weights on their excellent equipment.

This year I was doubly looking forward to a really good holiday, as just after Christmas I'd split up with my long time boyfriend. By the time I went away I was ready for a break, and maybe a little bit of sex and romance too. I had no idea what was going to happen to me then, though!

I was sitting in the dining room one breakfast time, about three days into my holiday, when I felt someone's eyes on me, looking at me really intently. Although I carried on with my breakfast, not really wanting to talk to anyone at this time of the morning, the staring continued, and eventually I had to look up and see just who was so interested in me.

A couple of tables away a girl was sitting, looking at me so intently I thought she must have mistaken me for someone else. She was quite well built, with pale skin and long reddish hair, and then she smiled a lovely smile at me. Obviously she was there alone, as I was, and was just being friendly. I smiled back and spoke a few words of small talk to her, and the upshot of it was that we went to have a game of tennis that mor..ng, and found that we had a lot in common. It seemed that Julie too had just split up with a long time lover, and had taken herself off to the health farm to get in shape before looking around for someone else. I liked her immediately, and over lunch we decided to tackle the notoriously difficult advanced aerobic class that afternoon.

One knackering hour later we were puffing our way through a set of rigorous exercises that would have killed off Jane Fonda, and at the end my legs were so shaky I could hardly stagger my way to the shower room. We were both so dead that we were the last ones in.

I could hardly wait to strip off my cropped top and lycra shorts and get under the warm spray, and Julie was right behind me as we slumped against the wall under the water and relaxed.

"I mustn't stay in here too long," I said, "or my skin'll be like a prune when I come to get dry."

"You've got lovely skin, Kelly," Julie told me, her eyes looking at me hungrily. "I wish I had your tan. Your skin just looks so smooth and soft." I thought she was going to reach out and stroke me then, and strangely enough I wished she had. It was as if all the blood in me looking at me with such an expression of lust that I couldn't do anything except reach up to kiss her. The next thing I knew we were passionately snogging, our tongues reaching right into each other's mouths, her wet hands gliding over my hips as the water poured down over us. I spread my legs a bit to stop myself from slipping over, and immediately I felt Julie slip her fingers down to my box.

"You're very wet down there," she whispered, nibbling my neck sensuously as her fingers started to massage my outer lips. And she was right; I could feel

rushed at once to my nipples, which suddenly sprang into hardness and poked right out at Julie. I turned away, very embarrassed, and pretended to start soaping myself. I couldn't understand what was happening.

The next thing I felt were Julie's hands on my shoulders as she turned me around to face her. She was that my fanny was really hot and my love juices were bubbling away. I pressed my boobs against her generous ones, feeling her nipples harden as I did so.

"You've never done this before with a woman, have you?" she smiled down at me. Of course, I thought, getting paranoid, my inexperience must have shown. My hands were still round her waist but I wasn't moving them. I had no idea what to do - but then I thought, after all, would a woman be so different to a man?

Screwing up my courage, I started to move my hands in slow, lazy circles across Julie's ample bum cheeks, gripping the firm flesh and rubbing my pubic mound against her. She groaned, and the next second I was pressed against the wall of the shower, with steam rising all around us, and Julie going on about how I was the most gorgeous blonde she'd ever seen, how she'd wanted to grab me and kiss my breasts the first time she'd seen me. "You don't know how much I've been frigging myself off thinking about you," she told me, panting.

Most of this came as a bit of a shock, but at the same time I was really excited. This woman just wanted me so much - and I wanted her.

As I leaned against the wall, Julie slowly bent down, kissing her way down my stomach, which made me tremble with longing. It was so long since a tongue had been in my cunt, or fingers had been massaging my clitty like this. When Julie's mouth finally settled on my clit,

teasing it with the tip of her tongue while she sucked my love lips, I gripped her shoulders with ecstasy. I couldn't remember ever being this aroused.

"Oh, I love sucking your pussy," Julie moaned as she buried her head into my muff and gave me the most magical head. My fanny was on fire, and I was having to physically bite my lip to stop myself from shouting out loud.

I looked down at Julie as she continued to tongue me, and the sight of her tongue sliding along the full length of my slit, then delving deep into my love hole, while her right hand was between her legs working her clitty into a frenzy, had me unbearably excited. Occasionally she would get so excited that she'd have to stop tonguing me and concentrate on working up her fanny again, and when she came she buried her face right into my pubes and licked so hard she took me over the edge to a tumultuous orgasm.

After that I was out of breath, too drained to speak. Julie could tell that I was shocked by what had happened, and by my own reactions to it, so she didn't push for anything further, and instead just started soaping my body sensuously with both hands, making my whole body slippery with bubbles and soon I was tingling all over again. I just leaned back and enjoyed the sensations that were hitting me as she soaped right down the length of my inner thighs, past the sensitive area at the back of my knees, down my calves to my feet.

"You have such sexy feet, Kelly," she told me, gently soaping between my toes. "Too few people have really sexy feet." With that, she took one of my big toes between her lips and started sucking it, staring me full in the face the whole time. The sight of that, and the feeling of her hot tongue running all round my big toe, her fingers massaging the sensitive balls of my feet, was more than enough to get me so excited again that I couldn't control myself. I began to moan, quietly at first but soon I was panting and yelling, and finally, when my orgasm came, silently screaming. The force of my climax was such

that I slumped down the wall and ended up sitting on the tiles, my legs spread, one foot on Julie's shoulder as she continued to suck my toe.

"Want me to do the other one?" she grinned at me.

I shook my head - I was incapable of speaking then - and just crawled out of the shower, my clit still buzzing and my cunt dripping with my juices. Julie followed me as I collapsed on one of the benches, trying to get dressed before anyone came along and caught us. The whole room was filled with steam from the shower and smelt of sex, so anyone coming in would instantly know what we'd been doing.

I was in a state of shock, never having had anything like this happen to me before. Julie could see that I was having a hard time coping with what I'd done, so she left me alone, standing in front of me towelling down her naked body. Shocked though I was, I could hardly take my eyes off her lovely stiff nipples, and when she towelled between her legs and I could see her parted cunt lips around the towel, I gulped and closed my eyes.

Nothing more was said that afternoon, but that evening Julie came along to my room. I knew we had to talk about what had happened, but I just didn't know if I was prepared for it.

"I know you'd never done anything like that before, but you wanted it, didn't you?" Julie said quietly to me, putting her arm around me as we sat on the bed.

"I'd never wanted to do anything more," I had to admit to her as I came to the realisation that Julie had given me more sexual pleasure than anyone ever had in my life, and I was hardly a virgin. "It was just so, you know, sudden. Not at all what I expected to happen out of the blue!"

"That's the best way," Julie smiled, and began massaging my shoulders. Her hands had soon moved around to my boobs. My nipples were already stiff and pointing right out from the material of my T-shirt, and Julie began kissing my neck while fiddling with my boobs. Immediately my cunt had juiced up, and I pressed my love mound right down into the bed, squirming as she

turned me on yet again.

Suddenly, as Julie was nibbling at me, I felt guilty. She'd given me so much pleasure and I'd just lain there and taken it, without really given anything back. I turned around to speak to her.

"I think it's about time I had my first taste of pussy," I told her, pushing her so that she was lying under me as I crouched on the bed. I slowly pulled off her blouse and shorts, finding that all she was wearing by way of underwear was a pair of very skimpy knickers, which were soaked with her juices. Her pussy was red and wet and swollen, and I guessed that she must have sat in her room and played with herself constantly before she came to see me.

I started kissing her boobs, feeling how she arched up her back to push the nipples right into my mouth, while I ran my hands around her buttocks, feeling the juices seeping from her cunt already.

"Frig me off," she whispered to me, pushing her hips up off the bed. I rubbed my index finger along the length of her slit, feeling how juicy she was, and then took the plunge.

My first taste of pussy was delicious. Julie's come juices were creamy and tangy, and I worked my finger in and out of her love hole as I licked all over her cunt and teased her little clitty with my tongue. Her love button was so hot and hard I thought she might explode, but instead she started wildly twiddling her nipples and pummelling her boobs with her hands, really thrashing about as I tongued her. I wasn't entirely sure I was doing it right, but from Julie's reaction I was certainly not doing badly!

"Faster! Put your tongue inside me!" Julie cried out, and when I did she soon came, gripping the bedclothes hard as several tremendous climaxes washed over her. Even after she'd come I carried on licking her, fingering my clit as I did so to bring myself off too.

As you can guess, the rest of that night was spent exploring all the ways two women can pleasure each other's bodies, and we found that after our holidays had finished, we didn't want to go without the sex that we'd been having. Julie and I now regularly spend the weekend together, though not at the health farm, and sex with her just gets better and better! - *Kelly, Northampton*

Couples Confess

Share and share alike! That's the idea of good group sex. And here in Couples Confess is where you share your dirtiest real life experiences with us.

I know everyone has this image of nurses being really rampant and putting themselves about all over the place, but it really isn't true. Well, not most of the time anyway. Until recently, I'd never seen any evidence of the randy behaviour people speak about, but after we had a party on the wards a couple of months back I had to revise my opinions.

Our ward, male surgical, is pretty busy, but because of their injuries patients tend to stay for a while, so you can get to know them really well. I know that once they feel they're well, they still have to rest, sometimes for months at a time, and it can be very boring for them. I think that's probably what led to the events I'm going to tell you about.

The ward sister, Doreen, was leaving, so on her last night on duty we decided to have a bit of a party. The hospital administration knew all about it, I think, but turned a blind eye because Doreen was a very popular staff member who'd been there for quite a few years, and as we were on nights they thought very little could happen as there'd be no-one about. How wrong they were!

There were five of us nurses, including the only male, Martin, on duty that night, and a few staff had stayed on after the previous shift; along with several of the porters and of course the patients there was quite a gathering. Things began smoothly and decorously enough when we presented Doreen with a cake and a present, and we opened a few bottles of wine between us. Those patients who weren't on medication joined in with the toast, and we were all laughing and joking as the night shift wore on.

I don't quite know how it happened, but one minute I felt quite sober, and the next I'd had another glass of fruit punch and I felt legless. I was swaying around on my feet and grinning stupidly, and as I looked around I saw that most of my fellow partygoers - normally sober colleagues -

were in the same state. There was only on explanation - somebody had spiked the drinks.

Now when I've had a few drinks I get randy, and I know I'm not alone in that. By this time there was music playing in the ward, and I could see various of my colleagues dancing around, or sitting chatting to the patients. One of the porters, Sam, a handsome young 19-year-old, came up to me then.

"Enjoying the party, Helen?" The way he was grinning made me suspect that he was the one who'd spiked the punch, but I just smiled back. What the hell - it was the middle of the night and no-one was around to be disturbed by us, since there were no other wards on our floor. Sam looked quite attractive, with his floppy fringe falling over his eyes and a big cheeky grin on his face, and suddenly I felt reckless. The ward was quite dark, since we'd only left on the night lights, and there were plenty of dark corners to tempt me.

Without a word I dragged Sam off into the corridor and into one of the bathrooms. We didn't even bother to shut the door before I had my hands down his trousers and was fondling his stiffening cock. It didn't feel very big as I pulled it out of his underpants, but it certainly was hard. I bent over the side of the bath and started pulling my dress up, feeling the way my nipples were straining against the starched material of my apron.

"I bet you've always wanted to see what nurses wear under their uniforms," I grinned as I revealed my black suspenders and skimpy panties to Sam. He didn't reply but instead pulled down my panties and gave my pussy a damn good tonguing. I was wet enough anyway, but I was soon gushing juices as his tongue teased and tickled my clitty, and his face was covered by my love cream as I came in little spurts.

"I can't wait to have your pussy," Sam groaned, as he released his throbbing cock from his pants, with me watching over my shoulder. Just as he was rolling back his foreskin, revealing a shiny purple knob, in preparation to giving me a good shagging, a noise behind us alerted me to the fact that we were no longer alone in the bathroom. I looked round to see a line of five of my patients, who had somehow struggled out of bed, standing at the door, their pyjamas around their ankles, their cocks at the ready. A couple of them had even staggered out of the ward on their crutches!

"Come on, Helen," one of them, Ted, a man in his fifties who was recovering from a hernia op, yelled. "Give the lad what he wants - and we all want to watch!"

"I don't want to give you another hernia, Ted," I replied, starting to massage my clitty, which was aching to come. "But I can see you all need a good wank. Just make sure that one of you comes over here to give me his cock for my mouth." Sam looked nonplussed, and for a while so did the patients, but eventually Ted pushed Mark, a young guy who'd had his adenoids out, forward.

"Mark's the man for the job," he said. He certainly was, with a huge, thick throbber that I couldn't wait to get my lips around. I couldn't believe I was about to participate in my first orgy, and I could hardly wait to have my pussy and mouth filled by cock at the same time.

"Come on, Sam, my pussy can't wait much longer," I instructed him in my best matron-like voice. "Just get your meat up me." I was soon rewarded by the feel of Sam's very stiff cock sliding into my cunt, and soon was pumping away like fury, almost slipping out sometimes in his eagerness to roger me fully, pummelling my arse cheeks with his fingers. Meanwhile, Mark had walked up, and I turned my head so that I could take his cock between my lips and give it the good sucking it surely deserved after so many weeks in hospital. It felt great to be sucking his clean tool, and I stroked his balls with one hand while balancing myself against the bath with the other as I was filled at both ends.

It wasn't long before they both came their loads, Sam first shooting several creamy wads of come deep inside my cunt, and then Mark cleaning my tonsils with his spurts, all of which I swallowed, much to his delight. As I looked round, still gulping spunk down, I was greatly amused to see a line of my patients, in various states of undress, standing at the doorway, obviously having wanked themselves furiously at the sight. There were several pools of white come on the tiles floor, and as I watched the last of them, Ged, spattered his come on the floor.

"There's a bit of a mess in here," I said, adjusting my uniform and standing up. I could feel Sam's come trickling through the gusset of my panties. "If Matron came round now, there'd be hell to pay, so you'd better all

clean this up!" I handed a couple of the more able bodied ones a mop each and left them to wipe the floor. They love it when I get a bit dominating - I think that goes with the uniform.

I sidled back into the ward, which seemed very dark, so I thought that maybe everyone had gone into the staff room to carry on drinking and partying. But I was soon proved wrong, when I almost fell over what can only be described as an orgy in the ward!

Kneeling on all fours on one of the beds was Doreen, drunker than I'd ever seen anyone, but still obviously enjoying having Tracy, one of the junior nurses, lick out her hairy cunt. I knew that Tracy was into women but I had no idea that Doreen was - but she was certainly well into this, as Tracy's tongue snaked in and out of her cunt, lapping up the juices which became smeared all over her face. Tracy was obviously an expert at giving head to another woman's pussy.

I could hardly believe that I was standing there frigging myself in front of all these people, but then, it'd been a strange night altogether. By now Doreen and Tracy had slipped into a noisy 69, and all the guys who'd been in the bathroom were watching and applauding, and in the dark I could just about make out a huddle of bodies in the far corner, squirming and giggling. There were legs and flashes of bum everywhere: it was Martin, the male nurse, underneath three of my giggling, randy colleagues,

SEX SEX AND MORE SEX

By Roger Mace

Following their huge success on the Continent, Video Schultz are now launching their wares in the U.K.

Their radical new design in marketing means they are GIVING AWAY over 15,000 Hard videotapes to their U.K. customers.

Each of these 180 minute videos can only be described as very strong, even by German standards, and will certainly be appreciated by anyone interested in Genuine Hard

Being used to the usual rubbish sold in the U.K., I personally was quite shocked by the content of these tapes – Needless to say I have already sent for details of their connoisseur's collection.

BEST BUY EVER

Our Video Buyer, a randy and excitable sole, rated this video the rudest, crudest video ever, though a little more expensive than most, he considers it to be too good to miss and great value for money.

LADIES DOCTOR

It's all about a young gynaecologist and his young nurse Pamela and their unusual way of examining their patients. It's very interesting and very unusual and, just like our Video Buyer, it's randy and exciting.

But I've never been afraid of my own body - and

I've never been afraid of what it does to guys either!

"My favourite position for sex is standing up. I once did it against the wall of the barn, wearing just my cowboy boots and a huge smile. I love wrapping my legs around a guy's buttocks so I'm right off the floor with my back to the wall. Now that's real *penetration!"* ♣

"My parents christened me Josephine," 21-year-old Joey from Barnstaple revealed to us, along with all her other charms, "because they thought it was a very lady-like name. That's why I never use my full name now, because I'm certainly no lady!

turns them on to see a flash of my lacy panties and suspenders when they least expect it, and I know that it certainly gets me excited. I always make it look like an accident as I let them have a good gawp at my silk undies as I bend over and my skirt rides up, or I sit on the train with my legs just that little bit too far apart.

"It was great when we had all those gales a couple of months back - I just used to go out in the high winds in my most flowing skirts, and soon I was flashing to everyone!" ♣

IN·THE·BAG

continued from page 32

When Mark arrived Jade was all dressed up in a short, black, clingy dress, stockings and high heels. After the meal and two bottles of wine we were all pretty merry, and soon the subject of sex came up. Then Jade said out of the blue, "Mark, do you ever fantasize about someone when you're having a wank?"

Mark just looked at her, then at me as if asking me if he could answer. I nodded. It was now or never.

Jade stood up and slipped out of her dress and stood there in her high heels and stockings, suspenders and black thong. She looked gorgeous.

"Christ, you lucky bastard!" Mark whispered as he looked at Jade's model-like figure. "You're lovely."

"Thanks, Mark," she said, with a dirty look on her face. "Now how about sucking my tits?"

Mark stood up and slowly pulled Jade down on to the carpet, then licked and sucked at her boobs until she started yelling, "I've always wanted to fuck you, Mark. Suck my tits, suck them hard!" By this time I'd had to get my cock out and was wanking slowly, and Mark was kissing Jade all over and working his mouth down to her black thong. He pulled it aside to lick her wet, swollen pussy, burying his face in it.

"Come on, Mike, come and wank over us," Jade instructed, before she stood up and, kneeling in front of Mark, unzipped his trousers. Mark's stiff cock immediately sprang out, and it was huge, with a massive, bulbous head. Jade ran her fingers around the shaft, rubbing it up and down before putting her red lips right round it.

For Pete's sake, Brenda, if you don't stop this constant craving for sex, I won't live to be 30!

She began to lick and suck like a woman possessed (and Jade certainly knows how to suck cock!). Her hands were placed firmly around Mark's bottom, and he began fucking her mouth with his prick.

By this time I was wanking furiously, and Jade began to egg me on. "Come on, Mike, wank harder - I want to feel you come over us." Just then Mark pulled out of her mouth and sprayed his spunk all over Jade's tits and stomach. That set me off and I shot my load over her too, and was soon treated to the horny sight of Jade rubbing both lots of spunk into her tits.

It's not happened again, but Jade and I have had many wanks and fucks thinking about that night, I can tell you. - *Mike, Birmingham* ♣

Dear Miranda,

You're the best! I've lost count of the number of times I've fantasized over your pictures. When you appeared in Vol 19 No 1 you said how much you loved having your toes sucked; well, I'd volunteer to do that for you, Miranda. I'd do it for as long as you wanted, making sure you came countless times before I worked my way up to your thighs, gently kissing them before sticking my tongue between your pussy lips. - *Jason, Colchester*

You certainly know how to treat a lady, Jason (despite the fact that I'm no lady), and your bit about sucking my toes for as long as I wanted really had me tickling away at my clit there. How does two and a half hours of toe sucking sound for starters? Followed by sex, of course... - Miranda♣

A POSITION OF MY OWN

Woe betide you if you're not standing to attention when Dominant Dowse tells you the position she favours...

Shut up and listen, or there'll be trouble. No-one knows the position I'm in here at Club. I'm surrounded by a bunch of lily livered, numb skulled spineless excuses for a bunch of big girl's blouses that you could ever imagine in your worst nightmares. I'm naming no names but they know who they are. It's almost more than your average dominatrix next door can take.

But I've never been your average dominatrix next door, as the Ed and all my other minions will testify. They know that they can't get away with anything with me, because my whip has been a little tetchy lately, and would be only too pleased to tan their buttocks with a few strong lashes. I'm the sort of girl who knows what she wants and gets it, or she kicks ass.

When it comes down to sex, I always get what I want, because there are hundreds of men who can't wait to give it to me. Many men have asked me what my favourite position is, mainly because they can't wait to wrestle me into it, but until now, I've never been able to decide between them. As long as I get myself shagged bandy more often than the Art Director changes his underpants, I'm satisfied.

I've tried every which way to get my jollies. On top I found a little uncomfortable, as my thighs acted like nutcrackers on one of my unfortunate beaux. You could hear his yelling in the next street, and he hasn't been able to stand up straight since. In any case, I kept whacking myself in the face with my humungous melons, which resulted in more black eyes than if I'd gone the distance with Mike Tyson (*I doubt even he's man enough for you - Ed*). It saved on eye shadow, except when they went yellow, but it was hardly ideal.

Underneath is a position I've never countenanced BECAUSE MEN ARE BENEATH ME, and besides, my mother always taught me that you should never let little things get on top of you. Any bloke trying to mount me would have to have more altitude training than for an assault on K2, and I don't like to keep my motor running too long once I've started the engine.

Doggy style; now there's a waste of time, if you want my opinion. I'm probably the only woman in the world who doesn't like it, and why? Because you can't keep an eye on your bloke, that's why. Unless you've got eyes in the back of your head you can't keep a check on the faces he's pulling as he watches your rump undulating as he porks your fun passage for all he's worth. Now what *would* be ideal is if somehow I could do the bloke from behind, with him still about to sock the beef to me and fondle my little love button at the same time. But unfortunately I wasn't put together well enough.

However, last week, in the Wellington, I finally discovered the kind of position that could make me come more juice than you get from 867 small Outspans. It occurred quite by chance when I ordered my young subordinate, Rob 'Submissive' Swift, to buy me a drink or seven at the bar. The tone of voice that I used made him certain that he wasn't going to refuse.

Swift, the poor bumbler, was so overcome by the honour of being able to treat me to a bourbon from his own pocket, that he stuttered out the order and then, nervously fumbling, dropped all his change. As he picked it up on his hands and knees I looked down at him. The sight had all the tails of my whip twitching in a frenzy.

His glasses steamed up spectacularly as he gazed up the long length of my five inch stilettos, my 36 inch inside leg, and up to the leather clad magnificence of my enormous knockers. It was a good job he couldn't see my face, obscured from that angle by my wobbling boobs, as the stern expression on it would have reduced him to a snivelling wreck in full view of the packed public bar.

I realised that this was the position I'd been looking for all my life. It was a pity about the man, but I hadn't had one that day, so I had to make do. Placing one stiletto heel firmly on the lad's quavering buttock, I pulled him towards me.

"If you know what's good for you, you'll be licking my pussy so fast your tongue will need steroids," I barked, and was rewarded by a tremble. His specs were now so steamy that he couldn't see a thing - just as well, really, because it meant that he couldn't see my long nails heading towards his head, pulling it up to my crotch.

"Pull up my skirt with your teeth," I ordered, digging my heels into his arse. No sooner had he done that, than his tongue was at my cunt like a hungry puppy, and I was able to enjoy several orgasms before we were ordered to leave the bar.

Naturally, I've ensured that all my colleagues have had the chance to try out the stand-and-deliver position with me, but there's only one problem. The Ed's buttocks are so bony that I keep snapping my stilettos on them. Still, I just collect all the heels and have found a novel use for them; if I'm not around they make very handy tools for the guys to sharpen their teeth on. ♣
